Luggage Guidelines at ONENESS Rishikesh

Dear Guest,

Getting to ONENESS requires a short hike down a mountain followed by a raft shuttle across the river. While our staff wishes to give you a smooth and pleasant experience by carrying your luggage on their heads and shoulders and on the raft across the river, we advise guests to be mindful while packing. For any piece of luggage exceeding the advised limit stated below, we have the provision of a cloak room at the arrival point, and it will be watched over by our guard during your stay. So please pack light and cooperate with our staff in this regard.

Please read through our luggage guidelines before you get here to ensure a smooth arrival.

- From the point of arrival till you reach the Resort, the travel time could range approximately between 20-25 mins. We suggest light weight luggage for the convenience of our guests and the hotel staff providing assistance in carrying your luggage.
- Maximum one large suitcase per person is allowed (not exceeding 15 kg in weight).
- Only 1 piece of hand luggage (not exceeding 5 kgs).
